## PHILANTHROPY THE MOTIVE IN KIDNAPING

### CALIFORNIA WOMAN ACQUITTED OF CRIMINAL INTENT IN FAMOUS CASE.

(By Associated Press.)  
DUBLIN, Oct. 28.—Dropping the prosecution of Mrs. Lucille Hand, daughter of former Governor Gage of California, was virtually decided to day when the kidnaping case was called in court. The attorney general consented to adjournment for a month, which is taken as an indication that the case will not come up again.

The defense explained that the woman's action was misunderstood, as philanthropic motives prompted her in arranging for the transfer to England of the children of striking transport workers. Similar action was forecast in the case of Mrs. Dora Montford of London.

## WORKS A MOTOR BY ELECTRICITY FROM CLOUDS

### WIRELESS OUTFIT OPERATED BY JUICE DRAWN FROM ETHER- EAL SOURCES.

ELK GROVE, Cal., Oct. 29.—Representatives of the Pacific Gas and Electric company of Sacramento and several automobile loads of citizens journeyed to the Da Rosa ranch yesterday to see young Roy Thompson operate a 35-horsepower test motor by electricity attracted from the atmosphere by magnets, Leyden jars and tuning coils.

The electric people have become so interested in Thompson's experiments that they loaned him the test motor, saying that if he could make it run by his device he could operate a street car by the same system. It required 400 volts to start the motor. Thompson's experiment with the motor was a perfect success, for he had the motor running at full speed in the presence of all without any visible means of power.

Another valuable principle that this young electrical genius has discovered is to compel the sound waves that carry wireless messages to operate a Morse telegraph instrument.

## PLACER STRIKE NEAR BATTLE MOUNTAIN

LAESERS ARE MAKING AS HIGH AS FORTY DOLLARS A DAY TO THE MAN.

An important placer strike has been made in Copper canyon, near Battle Mountain, and a rush is on to the new camp. It is said to be one of the richest placer discoveries made in this state for years.

Christianson and Dohi are working 24 men, and on the next claim north Healey and Scott are working four men on pay dirt.

Noah Toubert and partners are working five men and have opened up the channel showing values of \$100 per yard.

Sheddy and Williams, who have a lease on the Guy Davis placer claim of Noah Toubert & Co., are working three men and have just struck the pay channel and are getting handsome returns averaging close to \$40 per day to the man.

Dohi and Adams have two men sinking to bedrock on the Contour claim and have a fine showing.

The camp looks like a repeater of the days of '49, with rockers running on every dump.

Travers and King have arrived in camp and secured a five-year lease from Noah Toubert & Co. on a lot 100x150 and have opened an up-to-date cafe and bar.
